It was a dark night. The weather was freezing cold. A group of monkeys was sitting on a tree. One of the monkeys said, "I wish we could find some fire. It will help us to keep warm." Suddenly, they noticed a flock of fireflies. One of the young monkeys thought it was fire. He caught a firefly. He put it under a dry leaf and started blowing at it. Some other monkeys also joined in his efforts.

A sparrow came flying to her nest which was on the same tree under which the monkeys were sitting on. She noticed what they were doing. The sparrow laughed. She said, "Hey silly monkeys, that is a firefly, not real fire. I think all of you should take shelter in a cave." The monkeys did not listen to the sparrow. They continued to blow at the poor firefly. After some time, the monkeys became very tired. Now they realised that what the sparrow had said was correct.
